PROFILE

In RKGITM college I am pursuing B.Tech with computer science stream. My studies have given me a detailed understanding of problem solving and Logical thinking. And I think I am ready to challenge position in a progressive organization where I can utilize my technical skills, knowledge of computer science. And as well as I am eager to contribute innovative solutions, adapt to emerging technologies through that I can achieve my skills in the respective field and work for the simultaneous progression of organization and myself.
